1. OUR CONTRACT

1.1 The scope of our *contract*

These contract terms form part of a contract you have entered into with us for the sale of *energy* at your *premises*. The other part of the *contract* is the *contract sheet*.

1.2 We sell you *energy* under the *contract*

As a retailer selling *energy* under our retailer authorisation, we agree to sell you *energy* at your *premises*.

1.3 Application of these contract terms to electricity and gas

If you have agreed to purchase both electricity and gas from us, then we actually have two separate *contracts*, one for electricity and the other for gas. Any paragraph of these contract terms relating just to electricity or just to gas does not apply as a term of the *contract* for the other form of *energy*.

1.4 Understanding these contract terms

Words appearing in these contract terms *like this* have a special meaning and are defined in paragraph 13.5. Paragraph 13.6 includes some further rules for interpreting these contract terms.

2. HOW AND WHEN THE *CONTRACT* STARTS AND WHEN IT EXPIRES

2.1 When the *contract* starts

The *contract* starts when you accept our offer to sell *energy* to you, whether you do this by signing and returning the *contract sheet* to us before the offer expiry date or by verbally accepting our offer or accepting online.

2.2 Cooling-off

You can withdraw from the *contract* without penalty within the period of 10 *business days* starting on the last of the following days:

- a. the first *business day* after the day on which the *contract* starts;
- b. the first *business day* after the day on which we give you a complete copy of the *contract*; and
- c. the first *business day* after the day on which you receive our disclosure statement.

You would withdraw by informing us of your intention to withdraw within that cooling-off

period, which you could do orally or in writing. Both of us then would have to comply with the *law* in respect of that withdrawal.

2.3 When we start selling you energy

Although the *contract* may have started, we do not start selling you *energy*, and you have no obligation to pay us for *energy*, unless and until:

- a. your cooling-off period has expired;
- b. your *premises* are connected to the network; and
- c. if you are transferring to us from another retailer, the meter registered for your *premises* is effectively allocated by AEMO to us.

2.4 Final decisions we may make before we start selling you energy

If at any time before we start selling you *energy* we decide we are not satisfied with information you have provided to us about your eligibility for our offer or about your creditworthiness, then we may immediately terminate the *contract* by giving notice to you. We will not have to provide any compensation to you nor will you to us.

2.5 When the *contract* expires

- a. Unless it is terminated earlier under paragraph 3.3(b), 3.3(h) or 9, the *contract* will continue from when we start selling you *energy* for the term stated in the *contract sheet* (or, if no term is stated, indefinitely).
- b. In accordance with the *law*, we will send you a notice no earlier than 40 *business days* and no later than 20 *business days* before the term expires advising you when the term expires and what your options are. In that notice we may offer to extend the term of the *contract* together with *contract* variations (including new *charges*). If you do not enter into another *energy* contract for the *premises* before the term of the *contract* expires, you will be taken to have accepted the offer and the *contract* will be varied accordingly.
- c. If the term of the *contract* expires without any such extension, then the *contract* is instead to continue indefinitely on terms, rates and charges that are the same as those under our standard retail contract under the National

Energy Retail Law (subject to any necessary adaptation) .

3. **CHARGES**

3.1 **Energy charges**

You must pay us our *energy charges*.

3.2 **Rates**

The *contract sheet* states the initial *rates* we use to determine our *energy charges*. Your first bill will also state the *rates* that apply.

3.3 **Rate variations**

- a. If the *rates* stated in the *contract sheet* are not the rates we generally apply to *customers* of your type, in your distribution area, with your meter type and any other characteristic referred to in the *contract sheet*, then we may vary your *rates* to those we generally apply.
- b. We will give you notice of any *rate* variation under paragraph 3.3(a). If any *rate* is to increase, we will notify you a reasonable period before the date from when the *rate* variation takes effect. In the intervening period you may terminate the *contract* immediately by giving us notice, with no liability to pay any early termination fee if you transfer to another retailer as soon as possible after the date you terminate. However, if for any reason we continue to sell you *energy* after the effective date, then from that date you will be liable to pay the varied *rates*.
- c. If after the *contract* starts a new type of meter is installed at your *premises* or the network tariff or the structure of the network tariff attributable to your meter is changed, then, with effect from the installation date or the date of the change, as the case may be, we may vary your *rates* to those generally applicable to that type of meter or to reflect the change in network tariff or in the structure of the network tariff.
- d. If there is, or we fairly and reasonably expect there will be, an increase in our *costs* relative to our *costs* as at the date we initially set the *rates* applicable to you or on which we last varied your *rates* or imposed an *additional charge*

- under this paragraph 3.3(d), and that costs increase is specifically or otherwise attributable to you or to the *energy* we sell you, then we may either vary your *rates* or impose an *additional charge* to recover those increased *costs*.
- e. The amount of any *rate* variation or *additional charge* under paragraph 3.3(d) in respect of:
 1. any *costs* increase which is specifically attributable to you or to the *energy* we sell you will fairly and reasonably reflect that increase; and
 2. any other *costs* increase will fairly and reasonably reflect that increase by way of allocating to you a share of that increase corresponding to your share of the *energy* we purchase for you and other *customers* to whom the *costs* increase is also attributable.
 - f. If in the year preceding an *annual review date* we have not varied your *rates* or imposed an *additional charge* under paragraph 3.3(d) to reflect an increase in any one of the *cost* categories which exceeds the *percentage increase in the CPI*, then on or after the *annual review date* we may vary your *rates* under paragraph 3.3(d) as if that *cost* had increased on the last day of that year such that, over that year, that *cost* increased by the *percentage increase in CPI*.
 - g. We will give you notice of any *rate* variations or any *additional charges* under paragraph 3.3(c), 3.3(d) or 3.3(f), which may be in a message on your bill. If the *rates* vary during a billing period, we will calculate your bill on a proportionate basis using the old *rates* before the variation and the new *rates* afterwards.
 - h. This paragraph 3.3(h) applies in respect of any *rate* variation or *additional charge* under paragraph 3.3(d) which reflects a *wholesale costs* or *other costs* increase exceeding the *percentage increase in the CPI* for the preceding year. In any such case we will give you the notice under paragraph 3.3(g) at least 3 months before the date from when the new *rates* or *additional charge* is effective. In the

intervening period you may terminate the *contract* immediately by giving us notice, with no liability to pay any early termination fee if you transfer to another retailer as soon as possible after the date you terminate. However, if for any reason we continue to sell you *energy* after the effective date, then from that date you will be liable to pay the new *rates* or the *additional charge*.

i. In this paragraph 3.3:

annual review date means 1 January for Victorian *premises* and 1 July for *premises* located in South Australia, New South Wales or Queensland;

carbon scheme means any Commonwealth or State emissions trading or other scheme for the reduction of greenhouse gas emissions including, without limitation, the mechanism established by the *Clean Energy Act 2011* (Cth);

costs means our:

1. *environmental costs*;
2. *market costs*;
3. *metering costs*;
4. *network costs*;
5. *pass-through costs*;
6. *regulatory costs*;
7. *wholesale costs*; and
8. *other costs*;

environmental costs means:

1. any costs we incur in meeting our *environmental obligations* in connection with *energy* consumed by you and other *customers* up to the amount of any charge that would be imposed on us if we did not meet those *environmental obligations*; or
2. any charge imposed on us if we do not, or are not able to, meet those *environmental obligations*;

environmental obligations means obligations imposed on us under any *law*, or which we embrace voluntarily, for the direct or indirect purpose of reducing greenhouse gas emissions, increasing the generation of electricity from renewable sources or encouraging the efficient use of *energy* including any carbon tax and any *carbon scheme*;

market costs means all participant charges, ancillary service charges, system security charges and other charges payable by us in connection with *energy* consumed at your *premises* and by our other *customers* as determined by *AEMO*;

metering costs means costs we incur in connection with metering the consumption of *energy* at your *premises* including the provision, installation and maintenance of metering equipment and the collection and processing of metering data in accordance with the *law* and our own requirements;

network costs means charges charged by *network service providers* in connection with the supply of *energy*;

network service provider means a distributor or *energy* transmission business;

other costs means other costs we incur in connection with selling *energy* to you and other *customers* like you;

pass-through costs means:

1. amounts we pay under *wholesale contracts* in respect of costs our *suppliers* incur or amounts our suppliers otherwise pass-through to us resulting from a change in *law* including any carbon tax and any *carbon scheme*; and
2. incremental amounts we pay for *energy* resulting from force majeure affecting any of our *suppliers*;

percentage increase in CPI in respect of a year preceding an *annual review date* or any other date means the percentage increase in the *CPI* over the most recent 12 months period in respect of which, on the *annual review date* or other date, *CPI* data has been published;

regulatory costs means costs we incur in connection with selling *energy* to you resulting from a change in *law* including a change in the loss factors applicable to electricity we sell you and a change in the amount of unaccounted for gas allocated to us but excluding any carbon tax or *carbon scheme*;

supplier means the other party to a *wholesale contract*.

wholesale contract means a contract to manage fluctuations in the wholesale price of *energy* or for the purchase, transportation or storage of *energy*;

wholesale costs means amounts we expect to pay for *energy* we sell you and other *customers* like you, having regard to:

1. our forecast of the wholesale price of that *energy*;
2. our forecast of the price we will be required to pay under *wholesale contracts* we will enter covering that *energy*; and
3. the price payable by us under *wholesale contracts* we have already entered into covering that *energy*; and
4. any other matter we fairly and reasonably consider is relevant.

3.4 **Additional charges**

- a. You must also pay us:
 1. any *other distributor charges* we pay concerning the *energy* we sell you and related costs we incur;
 2. reasonable costs we incur if you do not give access to the *meter readers* or you request an unscheduled meter reading;
 3. any administration fee set out in the *contract sheet*;
 4. for any additional services you request from us (including meter testing) unless the *law* requires us to provide that service free of charge;
 5. any merchant service fees we incur because of the payment method you use in paying your bill;
 6. to the extent the *law* allows, any late payment fee set out in the *contract sheet*

- and interest on any late payment as set by us from time to time;
 - 7. costs imposed on us if, due to fault on your part, payments you make to us are dishonoured or reversed;
 - 8. to the extent the *law* allows, reasonable costs we incur providing you with historical billing data, our standard complaints and dispute resolution procedure, contact details for the *Ombudsman* or any other information you request;
 - 9. any other *additional charges* set out in these contract terms or in the *contract sheet*; and
 - 10. *GST* at the prevailing *GST* rate on any taxable supplies made by us.
- b. Any *additional charge* will be fair and reasonable having regard to related costs we incur.

4. **BILLS**

4.1 **When bills are sent**

We will send you a bill as often as stated in the *contract sheet*.

4.2 **Bills based on meter readings**

- a. As a general rule we will base your bills on metering data provided by the meter at your *premises* or from readings of your meter.
- b. However in some cases the *law* may allow us to provide you with a bill based on an estimate of the *energy* consumed at your *premises*. If we do this and we subsequently obtain a meter reading or more reliable data, we will adjust your next bill as appropriate.
- c. If you ask us to replace an estimated bill with one based on a meter reading, we will do so and may impose an *additional charge* on you accordingly.

4.3 **You can ask us to review bills**

If you ask us to review a bill we will undertake the review in accordance with our standard complaints and dispute resolution procedures. We may require you to pay a proportion of the bill up to the amount the *law* allows. If the review shows

the bill is correct, you must pay the unpaid amount. Should the review uncover an error, we will adjust the bill.

4.4 Adjusting your bill

- a. If we have undercharged you (or not charged you at all), we may recover from you what has been undercharged up to the amount allowed by the *law*. We will offer you the opportunity to pay us over a 12 month period or, if it is less, a period equivalent to the period over which the undercharging occurred.
- b. If we have overcharged you by an amount greater than the overcharge threshold under the *law*, we will inform you within 10 *business days* of when we become aware of the overcharging and repay the overcharged amount according to your reasonable instructions (or otherwise as required by the *law*).
- c. If we have overcharged you by less than the overcharge threshold, we will credit the amount overcharged to your next bill or, if we are no longer selling you *energy*, use our best endeavours to refund the overcharged amount within 10 *business days*.

5. PAYING YOUR BILL

5.1 When you have to pay

You must pay us by the pay-by date stated on your bill. Unless you use an automatic payment method, your bill is not paid until we actually receive the funds. Payments due on a non-*business day* may be paid on the next *business day*.

5.2 Applying your payments

If we sell you electricity and gas we will apply payments as you direct or, if you do not give us a direction, to the oldest debt you owe us.

5.3 Late payments

If we do not receive your payment by the pay-by date, we may take legal proceedings or other steps against you to recover the overdue amount and our recovery costs. However, before taking any steps we will comply with all applicable requirements under the *law*.

5.4 Payment difficulties

If under our customer hardship policy we identify you as a *residential customer* experiencing payment difficulties due to hardship, or you are a *residential customer* and you inform us that you are experiencing payment difficulties, then we will provide assistance to you in accordance with that policy and the *law* so that you may better manage your *energy* bills on an ongoing basis.

5.5 Advance payments

You may pay us in advance. However, we do not pay interest on advance payments and will not refund them before the *contract* terminates.

5.6 Security deposits

We may require you to provide us with a *security deposit* if the *law* allows us to. This may be the case, for example, if you have an unsatisfactory credit rating and do not accept an instalment plan we offer you. We would determine the amount of the *security deposit* in accordance with the *law* and you would have to provide it within 10 *business days* after our request. We would pay you interest on the *security deposit* at a 90 day bank bill rate (or otherwise as required by the *law*). We could apply the *security deposit* and accrued interest against, or draw on it for, any amount you owed us under the *contract* and would provide you with an account of how we used it. If having provided us with a *security deposit* you then stopped taking a supply of *energy* at your *premises*, we would return the *security deposit*, together with accrued interest, in accordance with your reasonable instructions.

6. OTHER OBLIGATIONS ON YOU

6.1 How you use *energy*

In using *energy* at your *premises*, you must comply with the *law*. You must:

- a. not use *energy* in a way which interferes with the distribution network or supply from that network;
- b. not allow *energy* supplied to you to be used other than at your *premises* nor use *energy* at your *premises* supplied from another address;
- c. not use *energy* supplied to you for a purpose inconsistent with any category of supply stated

- in the *contract sheet*;
- d. if we sell gas to you and you are a *residential customer*, not use gas for non domestic purposes other than as a home office;
 - e. if you are a *business customer*, give us, within a reasonable time after we ask, an annual forecast of your *energy* demand and, if you anticipate a material change in your *energy* demand, give us at least 20 *business days* advance notice; and
 - f. if you are a *business customer*, take reasonable steps to prevent loss on your side of the *supply point* which may be caused by difficulties with the quality or reliability of *energy* supply.

6.2 Meters and *supply points*

To facilitate the supply of *energy* to your *premises*, you must:

- a. make available sufficient land at the *premises* for the meter, the *supply point* and associated equipment;
- b. protect and not disconnect, by-pass, interfere with or damage the meter or *supply point* and promptly notify us of any problems with them;
- c. give the *meter readers*, our personnel and your distributor, any of whom will be carrying official identification and will show it to you if you ask, safe, convenient and unhindered access at all reasonable times to the meter, the *supply point* and associated equipment for any reasonable purpose required;
- d. comply with directions from us or your distributor about the meter or the *supply point*; and
- e. pay for additional or replacement meters if yours needs to be changed.

6.3 Safety and emergencies

You must at all times:

- a. maintain *energy* installations and appliances at your *premises* in a safe condition;
- b. allow only accredited electricians and registered plumbers or gas fitters to perform any work on the *energy* installations and appliances;
- c. keep all vegetation, structures and vehicles at your *premises* clear of the *energy* installations;

- d. advise us or your distributor of any matter that may threaten any person's health or safety or the integrity of the network; and
- e. comply with directions from us or your distributor in an emergency in accordance with the *law*.

7. SUPPLY INTERRUPTIONS

7.1 Supply interruptions may occur

You agree that the supply of *energy* to your *premises* may be interrupted in certain circumstances and that, in those circumstances, you will immediately cease or reduce consuming *energy* at your *premises* and will comply with directions from us or your distributor. The relevant circumstances are when a supply interruption:

- a. is allowed or required under the *law*;
- b. occurs for reasons beyond our control;
- c. occurs because of steps taken by your distributor or *AEMO*;
- d. occurs because there is insufficient *energy* or system capacity to meet the needs of all consumers;
- e. is required to allow repairs, testing, maintenance or other works; or
- f. is necessary due to an emergency or for reasons of public health or safety or the protection of any person or property.

7.2 Keeping one another informed about supply interruptions

- a. Where reasonably possible and in accordance with the *law*, we or your distributor will give you prior notice of supply interruptions (though not necessarily in writing).
- b. If you inform us that supply to your *premises* has been interrupted and you want us to notify your distributor, we will do so as soon as practicable.

8. DE-ENERGISATION

8.1 When and how de-energisation is arranged

- a. You may request de-energisation. Once you ask us, we will use best endeavours to arrange for de-energisation of your *premises* through your distributor, a meter reading and, if applicable, a

- final bill, all in accordance with your request.
- b. In accordance with the *law*, and only if we comply with all of the requirements under the *law*, we may request your distributor to de-energise your *premises*:
 1. if you fail to pay us an amount we have billed by the pay-by date or do not agree to or do not adhere to the terms of an instalment plan;
 2. if you deny access to your meter;
 3. if you refuse to pay a *security deposit*;
 4. if you are using *energy* illegally; or
 5. on other grounds the *law* allows.
 - c. We will give you notice of our intention to de-energise your *premises* in accordance with the *law*, unless de-energisation is for illegal use of *energy*.
 - d. You must co-operate with and assist your distributor and our personnel in respect of any de-energisation.

8.2 Restrictions on us de-energising your *premises*

We must comply with restrictions under the *law* on de-energising your *premises* including:

- a. restrictions that apply:
 1. if the amount unpaid is less than any minimum set under the *law*;
 2. if there is an unresolved complaint;
 3. if you have an outstanding application for a concession; or
 4. if the unpaid amount is not for the supply or sale of *energy*;
- b. restrictions as to de-energising premises registered by us or by a distributor as having a life support machine and
- c. restrictions as to the times and days on which de-energisation may take place.

8.3 Re-energisation

If your *premises* has been de-energised and, within 10 *business days* of the de-energisation, you rectify the matter that led to the de-energisation or made another satisfactory arrangement with us and pay any re-energisation *charge*, then, on request, we will arrange for your *premises* to be re-energised.

9. TERMINATION OF THE CONTRACT

9.1 Automatic termination

The *contract* terminates if:

- a. we exercise our right to arrange de-energisation of your *premises* and you are no longer entitled to be re-energised;
- b. we start selling *energy* at your *premises* to another *customer*; or
- c. you enter into a new contract with us for your *premises* under which we have started selling you *energy* at your *premises*;
- d. you transfer to another retailer; or
- e. you are no longer a *small customer* in respect of your *premises*.

9.2 Ongoing liability for consumption as a large customer

If the *contract* terminates under paragraph 9.1(e) and you continue to consume *energy* at your *premises*, then, in accordance with our right to do so under the National Energy Retail Law and until such time you enter into an appropriate arrangement with us for the payment of charges for *energy*, we will charge you such amount for the *energy* as we consider would have been charged had there been such an arrangement in place.

9.3 By you moving out of your *premises*

- a. If you are moving out of your *premises*, you must give us a notice stating that you wish to terminate the *contract* including a forwarding address to which a final bill for your *premises* may be sent.
- b. When we receive the notice, we will use our best endeavours to arrange for the reading of the meter on the date specified in your notice (or as soon as practicable after that date if we are denied access on that date). After the meter is read, we will send you a final bill to the forwarding address included in your notice.
- c. The *contract* will terminate on a date specified by us of which we will give you at least 5 but not more than 20 *business days* notice.
- d. Your obligation to pay for *energy* supplied to your *premises* continues until the *contract* terminates under paragraph 9.3(c).

9.4 By you giving us notice

- a. You may terminate the *contract* by giving us 20 *business days* notice.
- b. After termination of the *contract* by you under paragraph 9.4(a) and for so long as we continue to sell *energy* to you, the terms on which we sell you that *energy*, including our *rates* and *charges*, will be the same as they would have been if you had not terminated the *contract* (subject to any necessary adaptation).

9.5 By virtue of the last resort arrangements

The *contract* will terminate if we are no longer entitled to sell *energy* due to a *RoLR event* affecting us. For this purpose, we will provide your personal information (including name, billing address and metering and other information associated with your *premises*) to the designated retailer for the *RoLR event*. The *contract* will automatically terminate when your transfer to that retailer becomes effective.

9.6 Early termination fee

If the *contract* is terminated under paragraph 9.1, 9.3 or 9.4, then, unless the *law* disallows this, you must pay us the early termination fee set out in the *contract sheet*. This fee would be payable on the pay-by date on your final bill.

9.7 Effect of termination

Termination of the *contract* does not affect any rights arising before or on termination.

10. INFORMATION, PRIVACY AND CONFIDENTIALITY

10.1 Information we need

You must notify us as soon as possible if your contact details change.

10.2 Medical information

You must let us know if there is a life support machine in use at your *premises*. We will pass this information on to your distributor as soon as practicable and give you your distributor's emergency telephone contact number.

10.3 Privacy

We will comply with all relevant privacy legislation in relation to your personal information. You can find details of our privacy policy on our website.

If you have any questions, you can contact our privacy officer.

10.4 Confidentiality

Details of the *contract* are strictly confidential. Neither you nor we may disclose those details to another person, including after the *contract* ends, unless:

- a. the other consents;
- b. the disclosure is required by the *law*;
- c. the details have become public; or
- d. in our case, we are allowed to by our privacy policy.

11. COMPLAINTS

11.1 You can raise complaints

If you have a complaint relating to the sale of *energy* by us to you, or the *contract* generally, you may lodge the complaint with us in accordance with our standard complaints and dispute resolution procedures. These procedures are published on our website.

11.2 Our response

If you make a complaint, we will respond within the timeframes set out in our standard complaints and dispute resolution procedures. We will inform you of the outcome of your complaint, the reasons for you decision and about your right to refer the complaint to the *Ombudsman* if you are not satisfied with our response.

12. LIABILITY

12.1 We will comply with the *law*

- a. In selling you *energy*, we will comply with the *law*. However, if we are excused from complying with any *law* by a regulatory authority, we are not obliged to comply with that *law* to the relevant extent.
- b. For the purposes of the *contract*, we will not have breached any *law* if we have, or your distributor has, acted under the direction of a regulatory authority.

12.2 The distributor is your supplier

You agree and acknowledge that:

- a. it is your distributor, not us, who connects or connected your *premises* to the network and

- who will maintain that connection;
- b. your distributor is responsible for supplying *energy* to your *premises* and for the quality and reliability of the *energy* supplied;
 - c. the *energy* supplied to your *premises* may be subject to voltage, wave or frequency fluctuations (for electricity) or quality or pressure variations or deficiencies (for gas);
 - d. as already stated in paragraph 7, the supply of *energy* to your *premises* may be interrupted;
 - e. to the maximum extent permitted by *law*, we give you no condition or warranty, and we make no representation to you, about the condition or suitability of *energy*, its quality, fitness for purpose or safety; and
 - f. to the maximum extent permitted by *law*, we are not liable to you (under contract, tort (including negligence) or on any other basis) in respect of any of these matters.

12.3 You are responsible on your side of the *supply point*

We are not responsible for, and you accept all risks in respect of, the control and use of electricity on your side of the *supply point* and of gas on your *premises*.

12.4 Uncontrollable events

Obligations under the *contract* will be suspended if they cannot be met due to an event outside your or our control, as the case may be (excluding any obligation to pay money). If we are affected by such an event we will give prompt notice to you and use best endeavours to remove, overcome or minimise the effects of the event (though we need not settle any industrial dispute unfavourably to us), as you must do if you are affected.

12.5 Exclusion or limitation of our liability

To the maximum extent permitted by *law*, our liability to you for a failure to comply with any guarantee that applies under any applicable *law* is excluded. Where liability cannot be excluded, our liability for failure to comply with any such guarantee is limited (at our option) to the replacement of the goods, the supply of equivalent goods or the payment of the cost of acquiring equivalent goods; in the case of a service,

our liability is limited to the re-supply of the service or the payment of the cost of having the service supplied again.

12.6 Obligations if you are not an owner

If you cannot meet an obligation relating to your *premises* under the *contract* because you are not the owner, you will not be in breach of the obligation if you take all reasonable steps to ensure that the owner or other person responsible for your *premises* fulfils the obligation.

12.7 Non-exclusion

Nothing in the *contract* varies or excludes any limitation of liability or immunity we have under the *law*.

13. LEGAL MATTERS

13.1 Notices

Unless otherwise stated, all notices must be in writing. Notices can be given personally, by fax, by post or by e-mail, to an address or number set out in the *contract sheet*. If a notice is sent by post, it will be considered to have been received 3 *business days* after posting, unless in fact it is received earlier. Any changes to notice details must themselves be notified in writing.

13.2 Governing law

The *laws* of the State in which your *premises* are located govern the *contract*.

13.3 Varying the *contract*

We must agree any variation to the *contract* with you in writing.

13.4 Transferring the *contract*

You cannot transfer the *contract* to another person without our prior written consent.
